Use the **Anticipated Payment Forecast (1972)** released claim report to identify the aggregated expected payment for claims that have active Anticipated Payment information for the Payment Clarity feature:

Notes

- The report is available in PDF and CSV formats.
- There must be a CPID value on the claim to be included in the report.
- The **AVG DAYS TO PAY** value reflects the average time it takes a payer to send remittance advice to Optum after successful claim transmission.
