7011 Electronic Carrier Master 90 Day Change Report

- This report provides a listing of all carrier/LOBs added or changed in the past 90 days.
- The basic carrier information is from ECARMAST.
- The report adds separate columns for NEICID and NAICID.
- T/L is the Test/Live status for the LOB. Only Live LOBs will accept claims.
- A/L is the ANSI/Legacy status for the Patient Relationship Code. If the code is A, the product will convert a legacy code to the correct ANSI code.
- The Create and Modify dates that are the purpose of the report are two new columns on the right side of the report.
- This report is available only in PDF format and is created only from the *System* list in *Create Reports*.
