1830 – User Activity Claim Audit Report

This report lists claims that have been acted upon by the selected users and what was done each time. Claims will display multiple times on this report because each action to a claim is on a separate line.

- The report is requested from the *Management* list in *Create Reports*.
- It uses a modified filter in which you set a time period, select users, and select the action or actions that should be on the report.
- USER NAME is the name of the user who performed the reported action.
- DATE and TIME shows when the action was performed.
- ACTION shows what happened to the claim.

August 1, CCYY 01:15:42 PM
