2501 Regulatory File Report

This report provides a one-line summary of each claim targeted by a profile for inclusion in an 837 file.

Report Heading

- Profile Name: Name of the site RRT profile used to create the 837 RRT claim files.
- File Name: Name of the 837 RRT zip file that includes the 837 RRT claim files.
- Description: Description from the site RRT profile used to create the 837 RRT claim files.

Report Content Notes

- Patient Number with Sequence: This column contains the patient number with an added sequence number, if you use the special duplicate claim check setting within a profile based on an approved Iowa state template. Iowa has unique requirements for patient control numbers on recurring claims.
- Errors: This column indicates whether the RRT claim in the file had any overridden errors.
- Comment: This column indicates whether an RRT claim targeted by the profile was not included in the file. You may need to follow up on these RRT claims.
- Total Claims: The reports ends with a total of all included RRT claims in the resulting zip file of 837 RRT claims.
